## PRODUCT DESCRIPTION

There is no other chair like the ATB-SUR. It has a 24" or 26" wide seat cushion and features our exclusive 4 way adjustable headrest that runs almost the full width of the chair. This headrest supports your head, neck and shoulders in total comfort. Our unique flip up arms are both comfortable and allow for easy entry and exit.

The ATB-SUR has a crisp, modern design that fits well with any décor. Make no mistake though---this is a BIG chair for big people. With its all steel frame it's big on durability as well. The ATB-SUR is entirely hand crafted in the USA. No production line manufacturing here. Attention to every detail has been addressed. The quality runs deep. Only the finest materials are used. This is a chair you'll be proud to own and one that will last.

Made entirely and proudly in the USA, this chair offers an adjustable mechanism that allows for a smooth rocking motion that can be locked in the forward position. Our All Steel Heavy Duty Frame has a lifetime warranty!

## PRODUCT DESCRIPTION

Here's a big and supremely comfortable office chair that fits beautifully into the most elegant office or home setting. Incredible attention to detail with each panel in the seat cushion and seat back hand sewn to perfection. All hand crafted---absolutely no assembly line production here. You'll settle into the magnificent plush comfort of the chair and be cradled head to toe. The top of the seat back is heavily padded to provide outstanding support for your head, neck and shoulders. The 4 way lumbar system provides support at the exact spot on your back where you need it the most. So go ahead and settle back into the enveloping comfort of the Newport and you'll agree--- It's the most wonderful and relaxing office chair you've ever experienced.

Made entirely and proudly in the USA, this chair offers an adjustable mechanism that allows for a smooth rocking motion that can be locked in the forward position. Our All Steel Heavy Duty Frame has a lifetime warranty!

## PRODUCT DESCRIPTION

The A TB-CMN is designed to relieve all the tension points on your body---- from head to toe. This is not an empty statement. Just take a closer look and you'll see the thick, wrap around built in headrest that sweeps across the wide top of the chair and down the sides. Imagine how relaxed you'll feel when you sink back into that headrest and let it remove all the tension from your head, neck and shoulders.

The lumbar support takes all the pressure off your lower back and spine. The seat cushion slider lets you adjust the seat cushion to the length of your legs. This allows for better blood circulation and reduces or eliminates leg cramps.

While you're enjoying all this big room and comfort you'll notice the exquisite details in workmanship that only life long craftsmen can achieve. No production line manufacturing here. And it's all made in the USA. The A TB-CMN has a generous 24" or 26" wide seat cushion providing you with plenty of room to move around and yet its overall dimensions allow the chair to fit easily into almost any office or home setting.

Made entirely and proudly in the USA, this chair offers an adjustable mechanism that allows for a smooth rocking motion that can be locked in the forward position. Our All Steel Heavy Duty Frame has a lifetime warranty!

## PRODUCT DESCRIPTION

For those who want a super sleek, high tech look. The A TB-PCA features magnificent detailing. The “floating cushion” design has been achieved by expert craftsmen with meticulous attention to the smallest details. This kind of detailing could never be achieved with assembly line manufacturing. The headrest is a work of art all by itself. It is deeply contoured to support your head and neck in blissful comfort and it adjusts four ways for total support. The seat cushion is a generous 24 or 26 inches wide. Big enough to be roomy and comfortable and yet compact enough to fit into almost any office or home environment.

Made entirely and proudly in the USA, this chair offers an adjustable mechanism that allows for a smooth rocking motion that can be locked in the forward position. Our All Steel Heavy Duty Frame has a lifetime warranty!

## PRODUCT DESCRIPTION

The PCB-HRC is a marvelous stool for your special height and weight capacity requirements.

The lumbar support takes all the pressure off your lower back and spine. The seat cushion slider lets you adjust the seat cushion to the length of your legs. This allows for better blood circulation and reduces or eliminates leg cramps.

While you're enjoying all this big room and comfort you'll notice the exquisite details in workmanship that only life long craftsmen can achieve. No production line manufacturing here. The PCB-HRC has a generous 23.5" wide seat cushion providing you with plenty of room to move around and yet its overall dimensions allow the chair to fit easily into almost any office or home setting.
